

InspirAction

Inspire Action. See Results.
90 Minutes.

Bring a challenge to solve.

A standalone workshop for any challenge, or Part 2 of the **AI Readiness Package** to apply AI skills to real business problems.

A simple framework to solve real challenges, align teams, and deliver results - *fast*.

Here's What People Are Saying:

"The 4 C's helped me break down challenges and create a **clear, actionable plan**."

"This workshop made us **think like owners** and focus on how to **help the company grow**."

"The facilitator's real-life examples and tools were **practical and inspiring**."

"The activities, especially the 4 C's, **completely changed how I approach challenges**."

AUDIENCE: For teams launching new initiatives, breaking down silos, or solving problems that won't quit. All Levels.

Navigating change? Launching something new? Trying to fix customer issues?

The challenges keep piling up. Workflow gaps. Team silos. Role confusion. AI reshaping everything. It hasn't been easy trying to figure out the new ways of working.

InspirAction helps your team pause, tackle what's really holding you back, and walk away with a clear plan. Using a proven framework, you'll break down roadblocks and silos, boost creative thinking, and learn a repeatable process to tackle challenges, get aligned, and move from stuck to inspired action.

Bring a real challenge. Leave with clarity, momentum and a toolkit, plus two follow-up virtual sessions to keep moving forward.

KEY TAKEAWAYS:

- **InspirAction Framework:** A step-by-step method to generate, refine, and implement innovative ideas and apply a structured approach to creative problem-solving.
- **Collaborative Techniques:** Tools to enhance teamwork and uncover fresh solutions through cross-functional collaboration.
- **Sustaining Innovation:** Proven strategies to nurture a culture of creativity and continuous improvement.
- **Real-World Application:** Practical exercises that turn innovative thinking into actionable results.
- **The Intrapreneur's Playbook:** Learn to think like entrepreneurs while staying aligned with company goals.
- **Continuous Learning Support:** Two virtual group follow-ups reinforce skills, and collaboratively address challenges to ensure success.

STEP 1: Interactive 90-minute session

STEP 2: Practical tools to solve real-time business challenge

STEP 3: Two virtual group follow-ups address any challenges and ensure long-term success
